Hello,

Thank you for the update.

This morning, there was a fire around 6:40AM in the area behind the fence and behind the businesses. Thankfully, there were no injuries and or any buildings damaged, however, we did receive calls from our businesses.

This is in the same area that we have been focusing during our coordinated cleanups. I'm unsure if there is still fire debris and or other debris but our office would like to see if we can move forward with Friday's cleanup given this morning's fire that is an immediate safety concern.

LASAN is available on Friday to assist.

Thank you,

- Rocio

Absolutely we can have LASAN do that.

Got it.

Brian - if we get people to put items out the night before - any chance that sanitation can still pick it up on Friday morning?

Let me know,

Alynn

From a previous email sent.....

Hello,
Caltrans is cancelling our efforts on 03/20/2020 at the Paxton/Bradley site due to concerns over COVID-19. Please inform our partners with the Paxton/Bradley Encampments that effective immediately, unsheltered encampment cleanups are suspended unless there is an immediate

safety concern. This came from HQ per the MPD 20-02 Encampment Removals dated 03/13/2020.

Thank you

Hi all,

I wanted to check in on this plan. I know everyone is working fast to adjust to this new reality.

LAFH is still ready to go, as outreach is still operating- focusing on education and health and symptom checks/response.

We went to Paxton and Bradley today and people were given information. They made it in the daily news thanks to the hand washing stations! We will be back tomorrow to complete a lease signing and discuss clean up preparation.

One large tent will be able to be removed on Friday.

I know that I haven't been able to provide as much information as I had wanted. The past week and a half have moved fast.

Please let me know if anything with the plan for the 20th has changed

Thanks, Franklin.

Confirming a mobile hygiene unit will be available at 7am on 3/20 and that any cleanup operation won't start until 9am. We also requested a power washing truck for that day. Please let me know if this is not needed.

Thanks.

Brian

Good afternoon Partners and Colleagues,

Happy Friday!

Thank you for being part of the call today and part of this on-going effort. To summarize our call, Caltrans will begin no earlier than 8:30am to give LAFH time to conduct outreach. They will move forward with a combination of HazMat clean up, debris removal, illegal encampment removal, graffiti removal and fence repair behind businesses along the SR-118 fwy. Dawn, will check in with CT traffic operations team and verify if they can come and inspect the area regarding businesses potentially installing floodlights.

Sanitation will be present performing debris removal. Discussion over the 1-day permit to power wash on Bradley St is still on going.

Brian, Mayor's Office will check in to try to arrange the mobile shower unit to be present from 7 AM -1 PM.

LAFH will start outreach at location before the arrival of collaborating agencies to ensure cooperation and help remove any fears of displacement or removal.

Date of Next Coordinated Effort: 3rd Friday of each month, March 20th

Please let me know if you have any question or concerns.

Respectfully,

Franklin
